HIGHSCHOOL COURSEWORK

- Math AA HL, Physics HL, Chemistry HL, Business SL, Spanish B SL, English Lang & Lit SL
- AP Microeconomics, AP Macroeconomics, AP Computer Science A

INTERNSHIP, RESEARCH AND PROJECTS

Jul '25 – Oct '25	Independent Research Project - Analysed 6 Artificial Intelligence techniques - Evaluated education-access data, including 63.5% national school internet connectivity and a 15+ percentage-point private government school connectivity gap. - Published paper on international journal of artificial intelligence research and development (IJAIRD)
May'25 – Aug'25	Pustak Dhaan | App Development Project - Worked under the guidance of Ms Diya Girish Kumar, a UC Berkeley MET student, designed and developed a book-donation platform, Pustak-Dhaan - Implemented the frontend using JavaScript and React, and the backend using Node.js and MongoDB - Deployed features like searching, lending, allocating and book tracking
Mar'25 – Jul'25	Samksaar Foundation NGO website | Web development - Designed website to improve outreach and visibility. - Implemented Lovable AI app for editing and design features
Oct'25 – Mar'26 July-Aug '26	Online Doc to MP4 convertor pipeline |AI Intern at AI Ready School - Developed an AI-powered document-to-video pipeline that converts online documents into structured, downloadable MP4 videos. - Built and optimized workflows for document parsing, scene generation, narration planning, visual query generation, and semantic image selection. - Constructed an interactive HTML/CSS video preview and rendering pipeline using Next.js, Node.js, JavaScript, Puppeteer, Chromium, and FFmpeg. - Integrated and tested the video-generation workflow with the JSON2Video platform, - Implemented and tested multi-scene video generation, including scene-specific visuals, timing, narration durations, and continuous video previews. - Debugged rendering and pipeline issues across document processing, image retrieval, browser automation, frame capture, and MP4 generation.
2024 - 25	IBDP Research Projects - Investigating the optimization of the angle of solar panels to maximize energy efficiency - Impact of varying acidic pH on the release of sugars from fruit samples - Economic viability of Duolingo's AI-powered English language platform for secondary-level government schools in India - Impact of surface area-to-volume ratio and controlled airflow on the rate of cooling of water - Effect of wheel radius and mass distribution on the accuracy of energy conservation models in predicting final velocity

ACTIVITIES

Table Tennis Varsity Team Highschool Captain | 2022-26
Pianist | Grade 6 Trinity Certification
Freelance Content Writer | Published across leading platforms in technology, wellness, and lifestyle domains. ***Byte Journal*** - Artificial Intelligence, Data Science and Machine Learning |***Sri Sri Publications*** – wellness focused content on yoga and holistic living |***Worldwide Media Corporation Group*** – Youngest contributor
Cubing Enthusiast |2×2×2, 3×3×3, 4×4×4, Mirror Cube, Pyraminx, Megaminx

LANGUAGES: English, Spanish, Tamil, Hindi

SKILLS: Coding: Java, Python, JavaScript, CSS, React | **Tools:** Node.js, MongoDB, Canva, Excel, MovaVideoEditor25

VOLUNTEERING EXPERIENCES

July 2022 – February 2026
Founder | Samskaar Foundation | Non-Profit

- Collected over 4,000 books to set up libraries in 30+ government schools.
- Designed and led free summer camps for Government high school students focusing on STEM, language development, health and fitness
- Lead a team of 25 volunteers
- Raised $7,200, set up Solar TVs in 13 bridge schools, impacting over 450 tribal students
- Amplified mission by managing Instagram and LinkedIn accounts

HONOURS & AWARDS

2025:

- IB Global Youth Action Fund Scholar – Received $2,500 grant; 1 of 110 projects selected from over 1,100 applicants
- Youth Changemaker Award – Badari Kothagudem District
- Hyderabad City's Angels Award – Featured by *The Times of India*
- AP Scholar
- Won medals at multiple global Mathematics Olympiads across 2025:
  1) Silver in Hong Kong International Mathematical Olympiad (HKIMO) preliminary round, qualified for Final Round
  2) Bronze in Siam International Math and Science Olympiad (SIMSO) preliminary round, Gold in Final Round
  3) Bronze in the World Mathematics Invitational (WMI) preliminary round, Silver in Final Round

2024:

- IGCSE ICE Certification with Distinction
- Trinity College London – Grade 6 Piano with Merit

2023

- ISSO National Games – Semi-Finalist, Table Tennis U15 Teams Event

2022

- SOF IMO Math Olympiad – Gold Medalist
